Commissioner for Patents

The following communication clarifies an error, in the Examiner's Answer that was found in the prior art identification of the reference of Xun. In section 9, the Xun reference was written as 6,853,771. The section 8, Evidence relied upon section, correctly identifies the reference as 6,859,771, which was also previously stated in the PTO 892. Please note the correct reference.
